

How to Access and Book FedRooms® Rates

Participating FedRooms® properties load rates under the rate access code of **XVU**. The FedRooms® Team has worked directly with participating properties rate loading contacts to make sure that rates are properly loaded in each GDS. Instructions for accessing these rates in each GDS follow:

Apollo/Galileo Formats:

What should FedRooms® availability look like in the GDS?

Each hotel company may have systemic limitations that make FedRooms® availability look a little different. We have directed the hoteliers to identify the rates loaded under **XVU** using **FedRooms** in the rate name.

Following are some examples:

I can't access FedRooms® Rates through my GDS, what should I do?

If you are unable to access rates, it could be that your TMC hasn't provided your Pseudo City, SID or Agency ID to the FedRooms Team. Test the above properties and if you cannot access FedRooms rates, please e-mail hotels@fedrooms.com with your TMC name and an Operations Contact who can authorize providing Pseudo City, SID or Agency ID information.

I'm interested in learning more about the FedRooms® program.

If you'd like to sign up to receive program updates and information, send an email to hotels@FedRooms.com with the word "Subscribe" in the subject line.
